## How to Study Pictures

By CHARLES H. CAFFIN

*With reproductions of fifty-six famous paintings, and with complete index and glossary.*

THE exceptional charm and inspiration of this book will be acknowledged alike by beginners and by experts in the study of great paintings. Mr. Caffen makes the book as interesting as a novel.

But the most valuable element in this many-sided study is found in the author's luminous critical analysis of the pictures and of the methods by which they were created. The whole is so easy to read, so clear, so kindly and unassuming, that one scarcely realizes its depth and authority until one has read it half through.

"IT IS A BOOK THAT WILL BE  
TREASURED AND RE-READ BY THOSE  
FORTUNATE ENOUGH TO POSSESS IT."  
—Edwin L. Shuman in Chicago Record-Herald.

Union Square, New York

## The Chateaux of Touraine

By MARIA HORNOR LANSDALE

*A book beautiful, the text in two colors, on special plate paper, and with sixty illustrations in color by Jules Guérin and from photographs in tint and black, cover in colors and gold.*

A companion volume to "Italian Villas"  
by Edith Wharton.

TO the stay-at-home and to the traveler, to the cultured reader and to the art lover, this book makes equal appeal.

The early days of the Chateaux of Touraine are associated with the most thrilling and fascinating period of French history; and Miss Lansdale's record is set down with an accuracy and authority that make the volume as valuable as the sympathetic and glowing treatment makes it alluring.

The pictures are as delightful as the text.
